12. The rates shown in this vocabulary include a percentage to cover departmental expenses and customs duty on imported articles and will be the basis of charges for medical stores issued on repayment, lost, damaged or destroyed by neglect.

In charging for issues on repayment the following additions will be made to the value at Vocabulary rates the stores issued :—

Government and Mission Hospitals and Imperial Service Troops and Indian States Forces.	}	Cost of special packing materials and transit charges.
Burma		5 per cent plus cost of packing cases, bottles etc., and transit charges.
Others excluding local bodies institutions.	}	10 per cent plus cost of packing cases, bottles, etc., and transit charges.

Excise duty in case of excisable articles will be recovered in addition to the rates shown in the vocabulary from those institutions which have not been exempted by their local Governments.

13. Second-hand articles will be supplied to civil institutions and on repayment indents at 75 per cent of the rate shown in the vocabulary, if asked for and if available in stock.

14. Rates for stores not shown in the vocabulary should not be taken from previous editions but, if required, should be obtained from the Controller of Military Accounts concerned who will, if necessary, obtain the correct rates from the Deputy Financial Adviser (b) Military Finance. The rates for N. I. V. items will be worked out by the Accounts Sections attached to the Depots, but reported to the Deputy Financial Adviser (b), for confirmation.

- 2. Baird and Tatlock's Section Catalogue, various dates.
- (f) M.I.I. Malaria Institute of India.
- (g) A.D.Co. Amalgamated Dental Company's Catalogue, 1938
- (h) In Section 15 all references are to Down unless otherwise stated.
- (i) In Section 16 & 21 all references are to B & T unless otherwise stated.
- (j) In Section 10 all references are to A.D.Co unless otherwise stated.

Where the word 'as' appears before a reference, it indicates that the article specified is either only part of that illustrated, or differs from it to an appreciable, but not vital extent.

3. Category:—

- A. are absolutely essential or are easily available.
- B. are most desirable but of less importance than A.
- C. desirable but production will be undertaken only after A & B have been supplied.

4. Old P.V.M.S. Number.—This is the number of the identical item in the 1929 edition of the P.V.M.S.

This is the number in the 1929 edition of the P.V.M.S. which is prefixed by a letter e.g., A 01046, B 01203 etc.

6. When indenting, the new P.V.M.S. index number will be used on all occasions.

7. Military Medical Units will NOT indent for any item the index number of which is prefixed by a letter e.g., A 01046, B 01203 etc.

8. The P.V.M.S. is a list of medical items which are available or will be available for supply from Medical Store Depots. It is not an authority under which Military Medical Units may demand stores. This authority is contained in the appropriate peace or war scale of the unit concerned.

9. The new unit "ml" is used sometimes to denote quantity of Fluids—it will be remembered that one "ml" equals one "cc".
